The Rikutec GR1000 plastic IBC from Bison IBC Ltd is a multi-walled IBC container made by Rikutec in Germany and distributed by Bison IBC Ltd. Consisting of an outer box and inner bottle, both co-extruded. The outer box is coextruded from HDPE for both layers, while the inner bottle is a two-layer construction with an HDPE inner layer and HMW-HDPE outer.

Versions available include high-purity IBCs both with and without bottom outlets, conductive versions for flammable liquids and a caged version. A red version specifically for sulphuric acid completes the range.
